

Transforming sleep.

Forma™

FULL FACE MASK

The Forma™ Full Face Mask forms a superior seal and provides even more comfort with a greater range of movement through the active contouring of its new FlexiFoam™ Cushion. The T-Piece adds stability to the stylized Mask Base, and works in harmony with the highly contoured Silicone Seal and Under-Chin Design to enhance sleep performance. With its ease of use and superior conforming seal, the Forma™ sets a whole new standard.

Transform your patient's sleep experience today, with the Fisher & Paykel Healthcare Forma™ Full Face Mask.

FlexiFoam™ Cushion & T-Piece Mask Base

Full Face Delivery – *Forma™*

The *Forma™* Full Face Mask offers an improved seal and a more comfortable fit due to the interaction between the new *FlexiFoam™* Cushion and the *Under-Chin Design*. This alternative to nasal or oral delivery comes fully assembled and ready for use.

UNIQUE MASK FEATURES FOR GREATER FREEDOM, COMFORT AND COMPLIANCE

FlexiFit™ Technology Auto-contouring fit

The *FlexiFoam™* Cushion using *FlexiFit™* Technology automatically adjusts to a wide range of nasal and facial contours with simple one-step ease of fitting and no complicated adjustments.

FlexiFoam™ Cushion Active-contouring cushion

The *FlexiFoam™* Cushion provides greater comfort with the unique design of the soft, light and supportive foam. The *FlexiFoam™* features the advanced active contouring that conforms naturally to your patient's face.

Glider™ Strap with Easy-Release Cord

The sliding *Glider™* Strap with *Easy-Release Cord* provides freedom of movement and one-step removal. The mask force remains equal when the head rotates from side to side, minimizing the occurrence of leaks. Simply pull the *Easy-Release Cord* for one-step removal.

Under-Chin Design with Crown Strap

An *Under-Chin* fit provides extra stability and maintains the seal, even with movement of the jaw during the night. The *Crown Strap* works in conjunction with the *Under-Chin Design* to eliminate the need for a chin strap.

T-Piece Mask Base Optimal seal

With no complicated adjustments, the *T-Piece* provides added stability and complements the *Under-Chin Design* to allow *FlexiFit™* to auto-adjust for hassle-free fitting.

Advanced Air Diffuser Quiet usage

Maintenance Free. This efficient *Air Diffuser* system prevents air from blowing onto the sleeping partner and decreases noise that could potentially disrupt sleep.

Frosted Silicone Seal Optimizing seal

The enhanced seal technology has a soft, smooth feel and slides easily onto the face. Its frosted texture optimizes mask seal performance.

CONTENTS

- Complete mask with headgear assembled and ready for use
- Four sizes: Small, Medium and Large (two sizes included) and X-Large, sold separately
- User-friendly Fitting Guide

REORDER CODE:

400470 Small
400471 Medium and Large
400473 X-Large
