

A new standard.
A new choice.

*Philips Respironics Nuance
gel pillows platform*

PHILIPS
RESPIRONICS

Our **soft gel pillow technology** forms its seal around the base of the nose, not inside - providing a **more comfortable experience**

The next chapter in nasal pillow masks

As the **first and only gel pillows platform**, Nuance is designed to help you succeed by providing a more comfortable and familiar feel.

With the greater comfort and seal of gel pillows and choice of either fabric or gel padded frame - **Nuance is truly a new standard in nasal pillow mask design.**

Innovation.

Just one more way Philips Respironics is working with you as Allies in Better Sleep and Breathing.

* Comparative data available on file – vs. leading competitor nasal pillows masks

An easy to assemble
4-piece design
makes the Nuance
platform **easy to**
use and maintain

A lightweight minimal design to help you sleep freely through the night

Patients experienced better fit and seal and less red marks than with other leading pillow masks

Nuance does it better

More comfort

Easier to use

Superior seal

Greater stability

* Comparative data available on file – vs. leading competitor nasal pillows masks
