

A revolution in comfort and ease for treating sleep apnea.

The Dream Family is a comfortable, user-driven innovation that helps you get the sleep you need. Imagine lying in bed, reading or watching TV with nothing blocking your view. Imagine turning on your side, dozing off, rolling over and sleeping on your stomach — all while treating your sleep apnea. Now, you don't have to imagine it. You can do it. Because we made the Dream Family user-friendly in every possible way.

Comfort

From feel to function to airflow.

Patient driven

Guided by nearly 700 patient trials.*

Remarkable ease

User-friendly interfaces.

You're In control

Stay motivated, get results.

We dream of sleep.

At Philips Respironics, we know that good, sound sleep is vitally important at every age — to your work, your play, your physical and emotional well-being. That's why we designed the Dream Family to help make treating your sleep apnea easy and comfortable. So you get the kind of sleep you need to help you feel more like yourself every day.

The Dream Family

For the kind of sleep
you dream of.

DreamWear

The closest thing to wearing no mask at all.*

The open-face design provides superb comfort, allowing freedom of movement and the ability to choose your most comfortable sleep position. DreamWear is designed to be unlike any mask you've experienced.

- › Users rate DreamWear more comfortable, more stable, easier to use and more appealing than their prescribed mask.*
- › Unique in-frame air-flow and an innovative air tube connection at the top of the head.
- › Light, soft and flexible material.

*2015 User Preference Questionnaire, data on file

DreamStation

Making sleep therapy simple, quiet and smart.

With easy-to-navigate menus, a sleek, compact design and quiet operation, DreamStation makes it simple to start, customize and continue your obstructive sleep apnea (OSA) therapy.

- › Controls and interface at the front of the unit for enhanced visibility on your nightstand.
- › Colorful, easy-to-use display with icon-based navigation and daily feedback.
- › Most comprehensive suite of connectivity options available among the leading CPAP brands.*

*Internal assessment of 2015 competitive CPAP data comparing to ResMed Airsense10/Aircurve10 platform and Fisher & Paykel Icon series platform.

DreamMapper

Take charge of your sleep.

As a mobile app and online software, DreamMapper helps keep you motivated to take charge of treating your sleep apnea.

- › See daily feedback on your progress.
- › Set and track custom goals, and unlock achievements.
- › Find guidance and informational videos to help you stay committed.
- › Receive notifications about your therapy and DreamMapper compatible* equipment.
